ABOUT US

Creative Apparels is a premier Knit-to-Pack textile manufacturer in Lahore, Pakistan. With over 23 years of expertise, our skilled workforce produces up to 1 million high-quality garments per month for renowned international brands.

Our mission is to redefine manufacturing through innovation, sustainability, and excellence. We hold numerous global certifications—including GRS, GOTS, Oeko-Tex Standard 100, WRAP, ICS, OCS, BSCI, BCI, Sedex, Organic 100, SLCP, and GMP—reflecting our strict commitment to ethical sourcing and environmental sustainability.

To guarantee precision from start to finish, our state-of-the-art facility is equipped with advanced knitting, stitching, and embroidery technologies, all tracked seamlessly via an RFID-integrated ERP system. Whether you need reliable capacity or ethical compliance, we are the ideal partner for your knitwear solutions.

OUR VISION

- Where craftsmanship meets innovation in Pakistan's knitwear industry. Since 2003, we have woven a legacy of excellence and global resonance.
- As we look to the future, we are committed to doubling our production capacity & incorporating a state-of-the-art dyeing facility. Our growth strategy focuses on advancing sustainable practices, ensuring we lead the industry in eco-friendly knitwear fashion.
- We take pride in our dedication to innovation and quality, constantly refining our processes to meet the ever-changing demands of the fashion market. Our journey is marked by continuous improvement and a steadfast commitment to excellence.
- Join us on this path, where each stitch tells a story, and each garment is crafted with precision and passion. Together, we shape the future of knitwear fashion.

OUR JOURNEY

2003

Founded in 2003 with just seven sewing machines, we started with knitwear and grew into a trusted industry leader through our commitment to quality.

2018

By 2018, we expanded from 12 to 30 knitting machines, boosting our production capacity to 200,000 pieces per month.

2025

In 2025, we installed a state-of-the-art automated Garment Dyeing & Washing setup with a daily production capacity of up to 5,000 finished kilograms.

2005

In 2005, Creative Apparels achieved its first major milestone by becoming a private limited company.

2022

Our 350,000 sq. ft. facility features printing & embroidery, producing 500,000 pieces monthly with a 500,000-piece reserve. Equipped with 750+ advanced sewing machines, solar panels, and an ETP plant, we ensure sustainable production.

FUTURE

Driven by vision and a dedicated team, we've achieved remarkable growth. By 2030, we aim to add a fabric dyeing facility and double our production capacity.

THE PROCESS

Our Setup

- **Knitting:** At Creative Apparels, we begin with premium yarns, which we knit in-house using our advanced fleet of 30 knitting machines, ensuring consistent quality.
- **Dyeing:** In house garment dyeing & washing. We outsource Fabric & Yarn dyeing processes to certified, approved partners.
- **Cutting:** Our specialized cutting department uses laser cutting technology for precise cuts, ensuring every garment meets our clients' exact specifications.
- **Embellishments:** With our in-house automated printing & embroidery setup, we create detailed designs that ensure high-quality visuals on all garments.
- **Stitching:** to final quality checks, we uphold stringent standards. Our process includes Qualified supervisors oversee each stitching line. Each stitching has 2 inline QC checks and 1 end-line QC before moving to finishing & packing
- **Finishing:** Each garment undergoes a comprehensive physical inspection, followed by meticulous clipping, taping, and careful packing, ensuring top-quality delivery to our customers.

Machines and Equipment – Dyeing

We have strategically invested in our own state-of-the-art garment dyeing facility, giving us greater control over color accuracy, lead times, and wash effects — with a daily processing capacity of 5,000 kgs of fabric per day.

All fabric and yarn dyeing is outsourced to certified partners who meet rigorous international ethical compliance standards. This commitment to quality and sustainability lets us deliver superior products while upholding our responsibility to the environment and society across the textile industry.
